

Sully and Boo: 20 Years Later

👁 8 ✓ 0 ★ 1

Chapter 1 by Laura Branum

Sully placed the old, taped-and-glued door in the door portal opener. His time in the Monster World was almost up, and he had to see her one last time. He pressed the "activate" button and watched as the light struggled to turn on. Mike was standing with him to spot him.

Sully gently opened the door and stepped in. He saw a little boy. Could this be? It seemed like only yesterday Boo was sleeping in that same bed...

He stepped on a squeaky toy, not as graceful and efficient as he once was, and the child woke up. The kid didn't appear to be afraid, but startled a bit, and he went to find his mom. When he returned with his mother, she looked at Sully quizzically: "Kitty?"

Sully, with his vision growing hazy and his time growing short, whispers "Boo."
